

The background of the cover is a photograph of a wooden pergola structure against a blue sky with clouds. In the foreground, a bright green tree frog is perched on a person's hand, which is holding a small twig. The frog is facing right. The overall theme is outdoor living and gardening.

Why choose Jagram for your garden?

Jagram are a leading provider of timber garden products.

-  All of our products are manufactured in Northern European Timber and finished to a very high standard
-  Without exception, we guarantee our products for 10 years against rot and/or decay*
-  The very best treatment is employed each and every time to ensure a longer life
-  The entire range is manufactured from FSC® certified forests. The FSC® is an international network set up to promote responsible management of the world's forests.

Rest assured, you have a 10yr guarantee against rot with all of our products.*

Your product will never need treating.
~~~~~  
No further maintenance required.

Made from wood sourced from responsible forestry.  
~~~~~  
"Look for FSC certified products"

All Jagram products have been designed and manufactured to the highest standards. The entire range is manufactured using timber from FSC® managed forests.

Visit www.jagram.co.uk for more information.

*applies to products with no contact with the ground

All sizes shown in the catalogue are approximate.

Lifestyle garden products

Outstanding and unique – innovative ideas by Jagram

These Gazebos/Pergolas/Plant Supports (you name it...) are made of laminated wood and are as strong as their metal equivalents! Will last longer than average garden timber and never need maintenance. Real masterpieces of garden architecture.

Registered designs by Jagram.

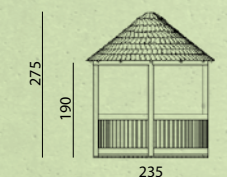

- Delivered in easy-to-assemble parts
- Properly labelled and packed in cardboard boxes
- Some products available also in Western Red Cedar

Concertina

Compact version

Possible applications:

- Event shelter
- Canopies, gazebos
- Outdoor classrooms
- Concert pavilions
- Swimming pools enclosures
- Exhibition stands
- and many more...

Details concerning the Concertina range, a veritable revolution in timber design

- Concertina is made with the greatest attention to detail with regard to the finished installation, whilst individually tailored solutions ensure stability and structural integrity.
- An ingenious combination of timber, canvas and metal lends these unique products a sense of lightness and modernity.
- The structural strength of this product range is ensured by using the highest quality Scandinavian timber and a special polyurethane glue.
