

Luxury Garden Buildings

 Jagram

Over 25 years of experience in manufacturing

high quality garden buildings

Highest quality materials

All Jagram products are manufactured from carefully selected and seasoned Northern European Softwood obtained from properly managed forests.

Durability

All of the timber used in Jagram products is impregnated using the most advanced formula wood preservative, which guarantees (when properly assembled and used) our products for 10 years against decay, weathering and insect attack.

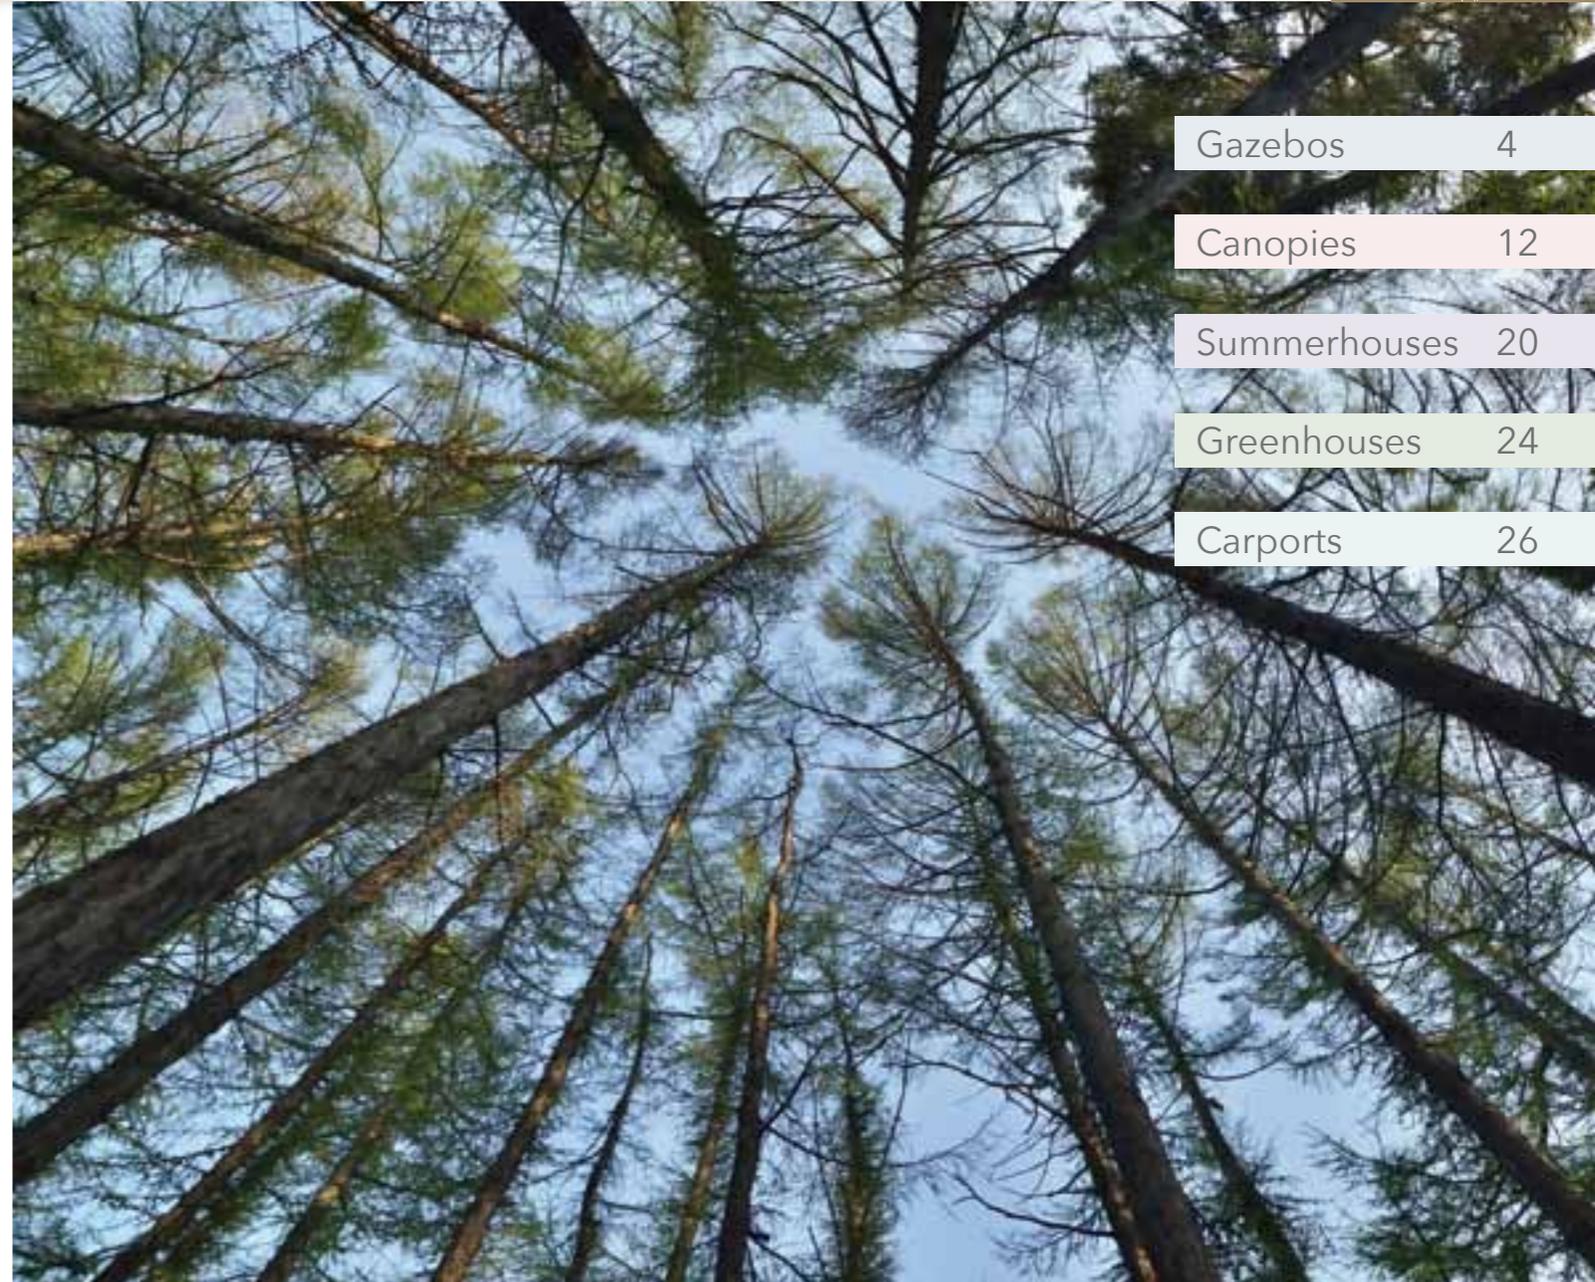

Environmental awareness

Jagram ensures that all the timber used in the manufacture of our garden products is replaced by means of new trees being planted.

Outstanding craftsmanship

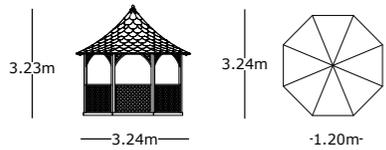

Our highly skilled craftsmen lead the way in innovative garden design and building techniques, a perfect combination of classic architecture and functional practicality.
